

## Creative Writing Project ABC Book about Me

As a final project, you are required to create an ABC book about yourself. It will be kind of like an autobiography! Use your imagination, your creativity, and your best writing skills. This is a major assignment in this class, so make sure and do your best work.

### Requirements:

- Cover page – you can use construction paper, laminated paper, or cut poster board for the cover. Whatever you decide, your cover page must be firmer than the rest of the pages in some way.
  - Ⓢ Your cover page needs a title.
  - Ⓢ Your cover page needs a photo of yourself (preferable) or a drawing of yourself.
  - Ⓢ Put your name on the cover page as the author!
- Use one sheet of paper for each letter of the alphabet. Draw the letter in the upper right-hand corner of the sheet. Color it and make it look good. It should be larger than the rest of the writing on the page.
  - Ⓢ Underneath the letter or off to the side, write: A is for \_\_\_\_\_.
  - Ⓢ For example, A is for Alaska (if you were born in Alaska).
- Write one paragraph that explains something about you in relation to each letter of the alphabet (A – Z). For example, if you wrote “A is for Alaska”; write one paragraph that explains what Alaska has to do with you. Inform the reader!
- Include a picture or drawing on that sheet of paper. You can type and then glue information onto the sheet (like scrap booking), you can use an actual photo of yourself, you can paste a picture from the Internet or magazines or you can draw it yourself. Each page must have a corresponding picture!
- Use the same kind of paper as you used for the cover page for your last blank page. The last page needs to be blank and firm like the cover page. You can punch holes in the book and then thread ribbon through the holes to tie it together, you can staple it, or you can bind it. (Office Max will bind your book for a small fee, if you want to do that).
  - Ⓢ Total project worth 100 points
    - Cover page & back page – 10 points.
    - Each page after that worth 3 points (3 X 26 letters = 78)
    - 12 points for overall neatness and creativity
    - Due: \_\_\_\_\_
