World Geography Unit 7 – The Physical Geography of Asia Study Guide

A study guide is for your benefit. It tells what will be on the test and what to focus your studying on. A **completed study** guide is a required assignment! Due on the day of the test.

Term Identification: You will be given a box of terms and a list of definitions. The correct term will need to be placed on the blank space next to the correct definition. Terms are worth 1 point each. Definitions can be found in your notes.

monsoon	archipelago
Shoguns	Samurai
Hinduism	Buddhism
“Untouchables”	Siddhartha Gautama
Gandhi	dynasty
caste system	tropical climate
temperate climate	arid climate

Multiple Choice: The following questions will be in multiple-choice form. They will be worth 3 points each. All answers to these questions are in your notes!

1. What is the only country in the world to be part of two continents?
2. *List and describe* the three mountain ranges in Asia.
3. Name the highest mountain *range* in the world.
4. What is the highest mountain in the world and what is its elevation?
5. What are the six main rivers of Asia?
6. Describe Asia’s population.
7. List three reasons that most people live in the eastern half of China.
8. How do monsoons affect the people of Asia?
9. Name at least three archipelagos of Asia.

Essay Question:

1. How is Asia different from all other continents in the world? Include geographical features, historical features, and of course, its people.
